

Pledge to keep America safe

As a Member of the United States House of Representatives and the duly elected representative of the ____ District of the (State/ District/ Commonwealth) of _____, I hereby pledge to fight to keep my district free from enemy combatants relocated from the detention facility at Guantanamo Bay, Cuba. The constituents of my district deserve to know that their community is being kept safe from the terrorists that seek to harm American citizens and the freedoms we enjoy.

I understand and appreciate the threat of these detainees and I will not allow for them to be housed in any detention facility, either now existing or created in the future, in my district. The constituents of my district deserve to choose their neighbors and not have these enemy combatants thrust into their community as their new neighbors.

Member of Congress
